The presence of authors at their posters

Authors are asked to be at their posters during both coffee breaks (morning and afternoon) to allow delegates to visit and discuss the work.

e-Poster submission

Due to the high number of poster presentations, the EAPC has decided to make all posters available in a digital format. The electronic posters will be available to all delegates during and after the congress – thus, extending the time during which your poster is displayed.

We encourage all poster presenters to take advantage of this possibility.

More information on the submission of your electronic poster will be sent by e-mail to all poster authors in February 2019.

Poster Awards

The awards for the 3 best posters will be presented during the closing ceremony.

Best abstracts per topic

The 3 best abstracts (as judged by a scientific committee panel) in each of the 29 submission categories will be marked with a ribbon.
